

Boarding Update Term Four: Week 4

HEREWORTH
DESIGNED FOR BOYS

Dear Parents,

- Throughout this week we have been having our final exams for the year. They are now over for the Year 8 boys with one day to go for the Year 6 and 7's.

Last weekend the full time boarders found a new hobby- riding down the hill at the back of school on skateboards or on old real estate signs which slide really well on the grassy bank. As the weather today was very warm and exams over, we were able to play outside until 7.30pm.

Mr Chatfield's garden is coming along well. 7SC have been hard at work making the garden beds which are now almost complete and ready for the next step-the planting.

7SC hard at work making the vege garden beds.

Today in chapel we had a visit from some "Hereworth Old Boys", Tom and Ben Wynne-Lewis, George Willis and Sam Skerman, who told us how they have got along with their life at High School. Hereworth offers a lot of chances and choices and at High School one comes nearly every day. As it has been five years since they were at Hereworth they had a look around the boarding house, looked at all the old

photos of themselves when they were Hereworth boarders
and had a tour of the “Tech “block with Mrs. Webster.
